## LAMINATING SYSTEM

Australian Manufacture Since 1980

Designed for users with light workloads and limited space, the COMPACT thermal laminator provides a reliable and high quality solution to your laminating needs.

Perfect for protecting and enhancing pictures, awards, presentations, teaching aids, menus, worksheets and much more, the Compact is perfect for school and office use. Flow form rollers allow for perfect side by side laminating of smaller items.

With durable construction and a user friendly design, the COMPACT provides quality lamination time after time, with little training required by the user. Coming fully assembled in the box, setting up a laminator has never been easier.

## FEATURES

**Power packed** industrial grade motor with forward / reverse and variable speed functions.

**Easy loading** - the captive drop down idler bar makes loading film easier, and increases the heated area of the

**Preassembly** means the machine can be ready for use within minutes of unpacking.
